

Turner Logistics India Pvt Ltd

About Turner

The Turner logistics Team relies entirely on our domain expertise, focused efforts, nurtured dreams and today, we have a global reach. This is one of the reasons why we are able to transform ourselves from a small outfit into a well networked organization specializing in international freight forwarding.

Turner is an international freight forwarder headed by professionals having vast experience in the global supply chain System. Right from the inception we have established ourselves as one of the leading multi-faceted organization. What makes Turner is our service architecture.

We are a part of IATA, FIATA and ACAAI bodies in India

Why Turner ?

Turner Logistics is one of the leading logistics solutions providers in India and we service a dense network of locations in the world's most important economic regions, in Air and Ocean transport, contract logistics and supply chain management. Our core assets are
